Re: *Ex Parte* Presentation in CC Dkt. Nos. 95-116; 98-14 and 99-35

Dear Ms. Salas:

On Thursday, May 27, 1999, on behalf of Time Warner Communications Holdings Inc. d/b/a Time Warner Telecom ("TWTC"), I met with the following members of the Competitive Pricing Division of the Common Carrier Bureau: Janet Sievert, Staff Attorney, and Chris Barnekov, Senior Economist, to discuss the issues previously raised by TWTC in the above-referenced long-term number portability ("LNP") dockets. Two copies of this notice are being filed in each docket.

My presentation summarized the TWTC Opposition to Direct Cases of Southwestern Bell Telephone Company and Pacific Bell, CC Dkt. No. 99-35 (Apr. 19, 1999), the TWTC Petition for Reconsideration of Sprint LNP Tariff Reconsideration Order, CC Dkt. No. 99-35 (Apr. 7, 1999), and the *Ex Parte* Submission by TWTC, CC Dkt. No. 98-14 (Mar. 18, 1998). In addition, I addressed generally several ILECs' intentions to conduct default queries for calls to NXXs in which no telephone number has been ported ("non-porting NXXs"). I explained that the ILECs have not demonstrated that default queries for calls to non-porting NXXs are reasonable and that the FCC should therefore reject the relevant tariff provisions. Alternatively, if the FCC permits ILECs to recover the costs associated with default queries on calls to non-porting NXXs, such costs should be recovered in the same way as any other general network upgrade costs directly related to providing LNP.

Sincerely,

Don Shephard  
Vice President of Federal  
Regulatory Affairs

cc: Janet Sievert  
Chris Barnekov
